

MARION COUNTY SURVEYOR'S OFFICE

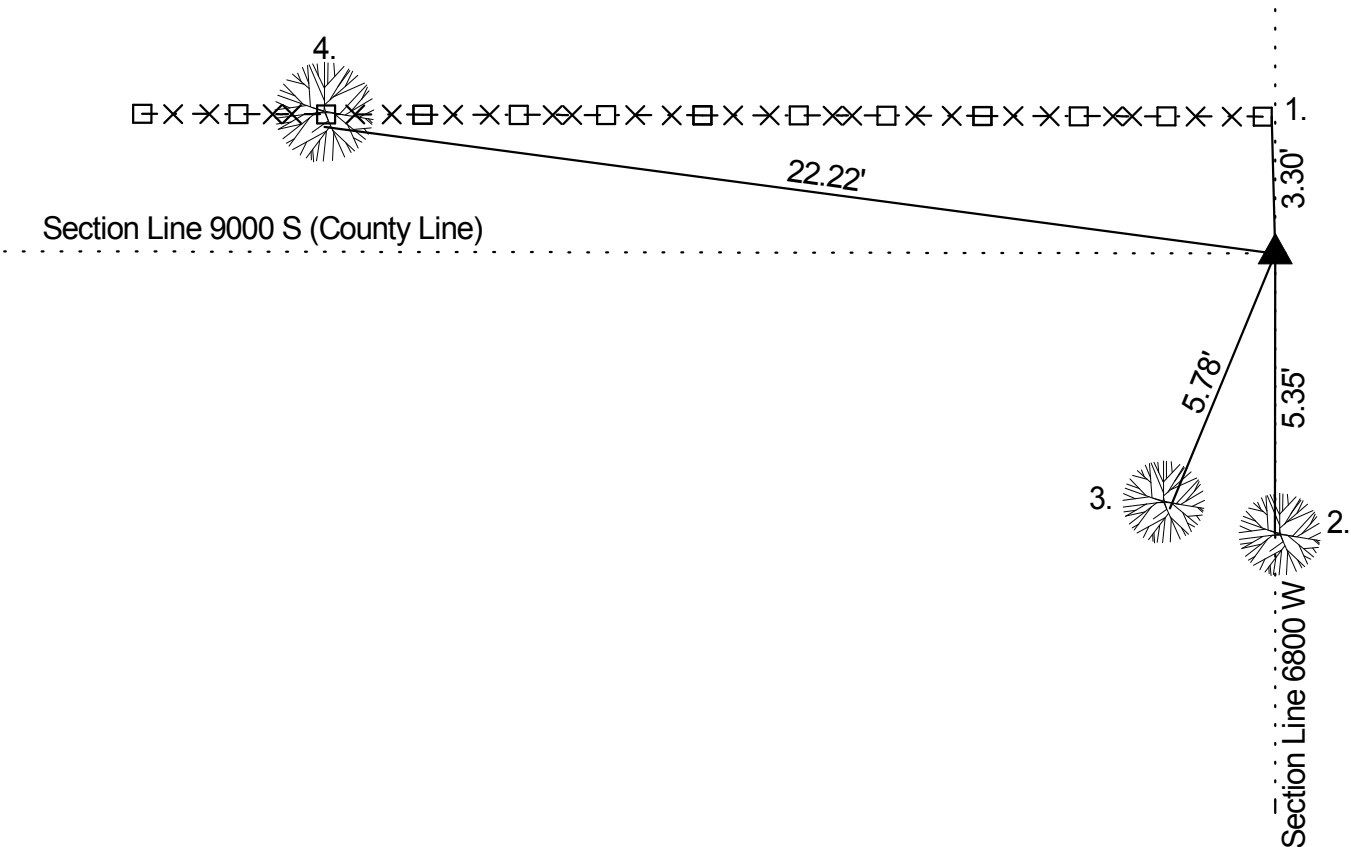

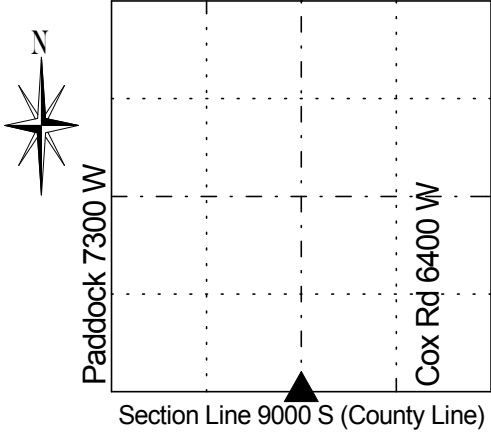

SECTION CORNER RECORD

DEBRA S. JENKINS
MARION COUNTY SURVEYOR

SEC. 23 TWN. 14_N RNG. 2_E

BRYAN F. CATLIN, PLS
TECHNICAL SUPERVISOR

Date: 4-13-10
Party Chief: Wilcoxen
Crew: Finney
Type of Marker: Stone fd
Method of Establishment: County: 3-12-1996
IN S.P.C. E Zone, NAD 83 (1986)
Name: 14022308
N: 486 946.077 0(m)
E: 47 464.976 2(m)

Original post set by Wm. B. Laughlin in 1820 with witnesses: 10" Beech S(N?) 76 W 15 links; and 18" Beech N 54 E 15 links. The south quarter section 23-14-2 was re-established 7-1997 by MCSO by using the following evidence: An undated (circa 1900) entry in the Morgan County Surveyor's Survey Record Book on page for Sec. 26-14-2 called for a stone with a 1" iron pipe beside it and witnesses: Locust post N 0 E 0' 4", 6" Wild Cherry tree N 60 E 33' 3", 6" Thorn tree S 45 E 31' 10". A 12"x18" shale type stone with the pointed end up was fd at a fence intersection. No iron pipe or evidence of a Locust post fd 4" N nor the previous tree witnesses fd. Old survey flagging found tied around the stone. The bottom of a broken fence post fd 1' E of the stone and 3 generations of fence wire found running to the south and east. The fence line randomly running to the west (as shown in 1937 aerial photography) fd 10' N of stone was of a newer type than the other fences. Stone checked with deed distance (Book 69 Pg 208 Instrument number 4546 as recorded in MCSO) east to fence intersection at the SW of Sec. 24-14-2. MCSO believes this stone to be the corner by evidence of many years of occupation lines, evidence the stone was accepted before, evidence that the stone was placed there being pointed end up and of an uncommon type to the immediate area, and by its agreement with record distances. 4-13-2010 Wilcoxen called a stone fd.

REF	DISTANCE	DESCRIPTION
1.	3.30'	Mag nail E 4"x4" fence post 5" up
2.	5.35'	Mag nail W 5" Elm spur root
3.	5.78'	Mag nail w/brass washer SE 15" Hickory 6" up
4.	22.22'	Mag nail w/brass washer S 24" Ash 8" up
